SKILLS

- **Networking & Security:** IPv4/IPv6, Dynamic Routing (Cisco, Aruba), Metasploit, Kali Linux, Pentesting, Firewalls
- **Cloud & Virtualization:** OpenStack, VMware, VirtualBox
- **AI & Big Data:** Data Modeling, Big Data Processing
- **Programming:** Python, C, Bash, PowerShell, R, SQL, HTML/CSS, JS, PHP
- **Databases:** MongoDB, PostgreSQL, SQLite
- Operating Systems: Linux, Windows
- **Software & Tools:** Matlab-Simulink, Git, Confluence, Power BI, Microsoft Office Suite
- **Soft Skills:** Project coordination, Technical communication, Problem-solving & troubleshooting, Adaptability, Rigor

LANGUAGES

- English (Upper Intermediate - TOEIC 880)
- French (Native)

PROFILE

Engineering student specializing in Computer Science and Networks, seeking a **4 month internship from early march** in **cybersecurity** or in **artificial intelligence** to gain hands-on international experience in intelligent systems, network security, and system development.

WORK EXPERIENCE

BDD Club, Brest, France   2024 - 2025
Budget Manager

- Managed and monitored the club's annual budget
- Coordinated financial aspects of multiple student projects
- Prepared financial reports to support decision-making

NOKIA, Lannion, France   3 months - 2025
Security & Devlopment Internship

- Developed an automated tool to check firewall rules (TCP/UDP/ICMP) in a multi-cloud environment (OpenStack)
- Programmed in Python and Shell/Bash to improve efficiency and reduce manual workload
- Participated in team meetings and contributed to project discussions

EDUCATION

Master Engineering in Computer Science & Networks (4th year)   2024 - PRESENT
ISEN Ouest | Brest, France

Bachelor of Science in Networks & Telecommunications (Cybersecurity track)   2022 - 2024
IUT Lannion | Lannion, France

French Baccalauréat (Math, Physics & Chemistry, with Honors)   2022
High School Bossuet | Lannion, France

HOBBIES

- Surfing & running
- Reading (crime & science fiction novels)
- Playing guitar
